Dear Applicant,

We are glad you are interested in the 3D Training Center. We believe all God's people are gifted and called to participate in the advancement of the church of Jesus Christ. In order to properly minister, virtually every believer should be trained in the Word of God with purpose and thoughtful intentionality.

All the courses at the 3D Training Center are Bible based with emphasis on practical application for lifelong fruitful ministry. Our courses range from expositional studies of Scripture to gaining expertise in the art of disciple-making. We provide tools that enable and methods that are time-tested and biblical.

We are purposely unaccredited. Accreditation is often a trojan horse used to inject burdensome requirements that greatly restrict what can and cannot be taught. Your learning does not need to be laden with frivolous extras.

As a gap year program, we intend to be mean and lean. Our program of study is ultra-intensive, not for the faint of heart. We are focused on investing in your life for your good as a disciple of Jesus Christ.

Come on in. We have the red carpet rolled out. Become an effective disciple-maker and one day hear Christ say, "Well done."

Please do not hesitate to reach out with any questions you may have.

Sincerely,

Bret Nazworth
